

"Secret"

To celebrate the years she has lived she chose 60 gemstones in four colors. Each color and number contains a message: her Secret.

The gems scattered in the east represent the future. 6 orange + 12 green + 18 blue + 24 whites stones recall different phases in her life : the creative little girl of six who still lives in her heart ; the 12 year old full of hope ; the idealistic young woman of 18 and the enthusiastic woman she was at 24. She is all these women and so much more.

She is a mother and will always hold this role. That is why she has had two precious stones set at the hours of the births of her children. Her life will soon be complete with the birth of grandchildren.
