

"Coraline"

They met at the end of the world. The beauty of the view caught their eyes and attracted them towards each other. The sea of corals witnessed their love growing, day after day. Subtle and delicate, **DELANCE "Coraline"** connects her to the love of the ocean and the love of travelling. The pink-orange sapphire, surrounded by engraver, is the magical place of their memories.

The energy of the vital force

To the one he discovered at the Coral Sea, he created this delicate **DELANCE "Coraline"** set with a small coral stone. Considered by Tibetans and Native Americans as a sacred stone, coral symbolizes "the energy of the life force" and it protects from the evil eye. The pink coral has an influence on the heart, seat of emotions. Helping to fix images in our subconscious, it promotes meditation.
